

TEAM SPIRIT

For the past ten years, we have been making sure that our customers logos are seen at the places that befit and suit them. And we have never ceased to provide our customers with both creative products and outstanding service, either – thanks to our experienced team.

As a result, we hold the leading position on the German lanyard and badge holder market and export to 29 countries around the world.

We maintain close relations with our customers in all cases, counselling and supporting them in the choice of high-quality promotional articles that befit their logo. Our success, both in the business and in contact with people, confirm that we are on the right track.

We hope you enjoy success with our products, too.

| P36W-02
25 mm wide, single-ply polyester with mirror effect on reverse, large A-type bolt hook, woven-in lettering; optionally available in two-ply tubular polyester with solid colour reverse

Badgeholder | with sewn-on satin band

Why stop at half measures when you can opt for the luxury version of our badge holders? Whether you go for colour printing or woven-in details, a logo presented on a satin band applied to the right backing is sure to make a strong visual impact. And in the interests of safety, all our satin-band badge holders come with a free security break away.

woven-in Logo ,20 mm wide, **Satinband sewn to heavy Polyester**

- P36W-01S** | with Easy-Going bolt hook
- P88-20SW** | with Easy-Going bolt hook and buckle

JingJings™

Already an everyday accessory in Asia, these jewel pendants for embellishing mobile phones are now available in Europe.

Our flashing JingJings are a new special gimmick.

Attached to a mobile signal and are not only proving

popular with young, trend-setting target groups but are also the perfect giveaway at evening events and so on.

After all, a JingJing doesn't have to be restricted to mobile phones but can also be attached to bags, pens, bike bells, purses, rear-view mirrors, etc. ...

Display cleaner with microfibre pad;
in 4c design or with raised print logo

Luxury diamanté-studded keyring pendant
complete with own decorative velveteen bag

As varied as the pendants themselves, the different ways in which a JingJing™ can be packaged make a gift out of a give-away.

Put your Logo where it belongs:
by having it laser-engraved on a
chrome-plated metal tag

XXL bobble with blinky ladybird that flashes in a
variety of colours when a call is received

JingJings™ can be made in the shape of your logo or products
associated with your brand – just tell us what you have in mind.

Thanks to the wide range of available materials and finishes, we
can put together exactly the right JingJings™ for your require-
ments.

ComSet™ | P14

Whether in the office, the car or at home, Pechsteins clever combination of stretch neoprene phonecase, ID lanyard and integrated earbud headset adds up to a mobile phone solution that leaves your hands free for other things.

Thanks to the range of available adapters, the ComSet hands-free solution can be used with all usual brands of mobile phone – which all goes to show why this innovative product idea has won the Promotional Gift Award.

The neoprene phonecase is available in two sizes in basic colour black

10,5 x 5,5 cm

On all orders for 3,000 ComSets™ or more, you can have the straps dyed in a Pantone colour of your choice plus have a neoprene phonecase made to match.

13,5 x 5,5 cm

ComSet™ | P14D

Black, 1 c screen printed, 15 mm wide, 90 cm long, Nylon integrated earbud headset, complete with bold hook and black end cord

Adapters are provided for the following cell phone types

Also for the latest models of SonyEricsson, Samsung, Alcatel und Motorola sind Adapter available.
The adapters are available in 2 different sets only!

Your ComSet™ is ready to use with your cell phone in a few easy steps

1. Pull the stretch neoprene phone case over your cell phone, making sure the display and keys remain visible. The keys remain fully operative through the case. To accommodate the aerial, you can cut a hole into the phonecase as neoprene doesn't fray.
2. Insert the ComSet plug into the headphone socket on your phone
- 2.1 In some cell phones, you may first have to connect the plug to the adapter supplied as part of the ComSet™ package, and then the earbud socket.
3. Attach the bolt hook to the neoprene loop.
4. Hang the ComSet™ lanyard around your neck and insert the earbud into your ear.

Security advice: for people with heart pacemaker the ComSet™ is not convenient

EasyClip | PEC

The first penholder which makes your live easier, because it prevents you from loosing your pen. The easyClip penholder takes its inspiration from the the EasyLip lip balm holder.

EasyLip | PEL

Attache to your badge holder or ID lanyard, this neoprene lip blam holder will put an end to searching around for this vital necessity – whether out on the slopes or on the dance floor.

2Flaps

The “2Flaps”-bag - a bag 2 use.

In our unceasing endeavour to provide our customers with interesting promotional products, we have come up with a new idea: the 2Flaps-bag, a handy case for toting around electronic devices by clipping them to a badge holder or belt.

A well-known Stuttgart auto maker is already including the

2Flaps in its range of aftermarket accessories with considerable success, so why not reward your customers for their loyalty, too, with this innovative and useful product.

The case consists of high-quality 3 mm neoprene and is ideal for protecting electronic devices such as mobiles phones, iPods and PDAs. We can also deliver the cases in sizes adapted to your individual requirements.

The badge holder in mini style - comes complete with a robust carabiner, PVC badge application or embroidery.

“D-shaped” carabiner on keyring, finish in silver matt, 20 mm wide soft polyester ribbon, about 8 cm long, with Easy-Going bolt hook, provided with embroidery label

“D-shaped” carabiner, finish in silver matt, matching to the light reflective edges in the band, 20 mm wide nylon ribbon, about 8 cm long, with bolt hook K, silk screen imprint; can be supplemented by a badgeholder

“D-shaped” carabiner, finish in silver matt, 20 mm wide soft polyester ribbon, about 8 cm long, keyring, silk screen imprint

“D-shaped” carabiner on keyring, finish in shiny black , 20 mm wide soft polyester ribbon with sewed-on satin band, about 10 cm long, with Easy-Going bolt hook, PVC badge application

KofferBand | KGB

To minimise baggage reclaim dramas or embellish your luggage still further, we have improved our baggage straps in a number of ways, one of them being a combination lock with two code wheels. The buckles now also come along with doming or imprinting, and weaved-in solutions are available for the straps.

50 mm wide, high-quality, heavy-duty polyester, infinite length-adjustment, comes with high-impact snap style plastic buckle with built in 2-dial combination lock, upgrading by silk screen imprint

50 mm wide, high-quality, heavy-duty polyester, infinite length-adjustment, comes with high-impact snap style plastic buckle, upgrading by multi-colour woven-in logo

smartBin™

An all-rounder for high advertising impact.

Active types love being out-doors, and they are also sure to love the smartBin™, the ideal companion at barbecues, picnics and afternoons in the garden, not to mention expeditions to the beach or the campsite. And the best thing is, this handy container is water-proof, making it highly versatile. The high-quality product can be used to transport and store all sorts of items and materials and can do double duty as a drinks cooler or a doggie bowl.

The smartBin™ is made of water-proof 600 D nylon and has a rigid plastic floor and edges. The metal handle can be provided with a chrome finish or a PVC sheathe.

Available in various colours and in sizes ranging from 3,5 to 15 litres, the smartBin™ comes with or without a zipped lid and folds away neatly into a fitted bag when not in use.

Needless to say, the smartBin™ and its matching bag offer plenty of room for a printed logo and tagline.

Some other of the items we make ...

Luxurious give-aways for a lasting promotional impact

Upmarket tote bags with leather handles and your brand name in bold relief; presentation folders with gold embossed details – these are just some of the creative solutions we are able to offer thanks to our years of experience, resulting in high-quality promotional items that are sure to delight your target audience.

The places where **YOUR LOGO** is seen very much depend on **YOUR IMAGE AS A COMPANY**. So make sure it is seen at places that do it proud. After all, a company that stands for quality should ensure that its promotional articles express such quality. As the examples shown in this catalogue hopefully prove.
